

A female scientist with dark hair and glasses, wearing a white lab coat over a red top, is focused on her work at a laboratory bench. In the foreground, a multi-channel pipette is visible, along with various lab equipment like a blue container and a white machine. The background is slightly blurred, showing more of the lab environment.

# Why Choose Tufts Launchpad?

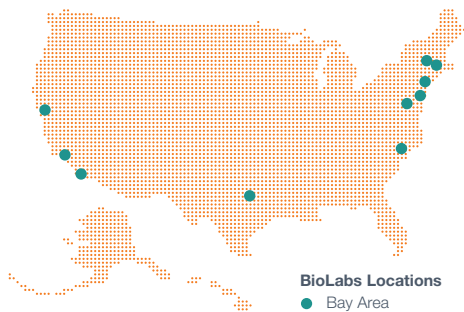

**As every startup entrepreneur knows, launching a company is not an easy task. Besides negotiating the license agreement, finding capital, and hiring a team, there's the challenge of finding lab space and purchasing equipment—which typically happens only after funding is secured and the milestone clock starts ticking.**

Situated in one of the most dynamic biotech environments in the world, Tufts Launchpad brings the best of Boston to early stage bioinnovators and investors.

Powered by BioLabs, the pioneers of coworking lab space in Boston, Tufts Launchpad was designed to be the premier co-working space for life science startups—a unique, entrepreneur-centered ecosystem where biotechs can test new ideas, innovate in the face of complex challenges and reach their milestones faster.

Members are surrounded by the best people, infrastructure and a wealth of resources to accelerate scientific achievement and business growth.

As part of BioLabs nation-wide network, members are able to leverage the experience, insights and best practices for successfully developing and growing their early-stage companies.

# Membership and Services

**Tufts Launchpad offers flexible and fully equipped co-working lab and office space. We can accommodate up to 25 early-stage companies in our shared office and lab space. Our unique features include:**

- **On-demand** lab and office space
- **Flexible membership** terms
- **High-speed Internet**, 24/7 conference rooms, printers and copiers
- **Cafe** (coffee + healthy snacks) and community spaces including access to gym, and day lockers
- **Lab equipment** including: qPCR, HPLC, freezers, fume hoods, plate readers, centrifuges, biosafety cabinets, flow cytometer, fluorescent microscopes, scales and more
- **Environmental Health and Safety** (EHS) support as well as chemical-waste storage and hazardous-waste handling and removal
- **Centralized and group purchasing** along with shipping-and-receiving support
- **On-site concierge**, scientific support and event staff
- **In-house** contract research services
- **Access** to exclusive member events ranging from social hours to seminars and fireside chats
- **Capital Connections**
- **Benefits and perks** through service providers and industry partners

## Cost

There is an all-inclusive, monthly, per-person membership fee of \$400. The fully equipped co-working lab and office area features individual lab benches, office workstations, private labs, and private offices. The per-bench and per-workstation costs start at \$3,600 and \$600 per month, respectively. Companies can start with a single bench, and scale up as they grow.
