

Do More, Be More, Build Your Biotech

<https://www.biolabs.io/>

BioLabs, established in 2009 and headquartered in Cambridge, MA, is the premier network of co-working spaces for life science startups. Our collaborative lab space model is uniquely designed for scientific entrepreneurs to test, develop, grow and commercialize their game-changing ideas by being paired with premium, fully-equipped and supported laboratory and office spaces alongside unparalleled access to capital and industry partners. BioLabs offers co-working environments through a network of 8 US-based locations, and with plans for expansion in the months ahead, we are currently seeking exceptional talent to join our growing company.

ROLE OVERVIEW

Reporting to the COO, the **Site Director, NYU Langone** will be responsible for overall site operations and leading a collaborative team that has built an ecosystem of experienced innovators, capital partners, and industry participants passionate about helping life-science entrepreneurs accelerate their path to commercialization. This includes fostering trusted partnerships with our site partner (NYU), running the day-to-day operations of the site, and providing optimal experiences to our members.

KEY RESPONSIBILITIES

- Lead multiple site teams of laboratory, office, facilities, and communications professionals dedicated to ensuring an exceptional client and laboratory experience
- Develop strong rapport with site partners, and collaborate on the design and implementation of site-specific initiatives that support partner goals
- Select, mentor and develop a high performing and diverse staff dedicated to operational excellence
- Develop budgets, effectively forecast, and manage within targets
- Forge strong partnerships with a network of world-class academics, industry experts, and entrepreneurs passionate about advising our resident entrepreneurs on their path to success
- Collaborate with leaders across the BioLabs internal network to leverage resources and insights in support of entrepreneurs
- Own operational efficiency of client laboratory and coworking site
- Ensure that the culture at NYU, Langone is welcoming, proactive, inspiring and inclusive

SKILLS AND EXPERIENCE

- Scientific/Laboratory related leadership experience in a commercial environment
- Exceptional communication and presentation skills
- Exceptional people leader with a track record of selecting and nurturing strong performers
- Highly organized, entrepreneurial, and results driven
- Experience in a client-service environment

Do More, Be More, Build Your Biotech

<https://www.biolabs.io/>

- Budgeting and reporting
- Strong interpersonal skills, an effective listener and proactive relationship builder
- Self-motivated, routinely initiate and deliver projects successfully with minimal supervision
- Strong IT skills
- Masters-level scientific education or commensurate experience preferred

BioLabs provides equal employment opportunities to all employees and applicants for employment and prohibits discrimination and harassment of any type without regard to race, color, religion, age, sex, national origin, disability status, genetics, protected veteran status, sexual orientation, gender identity or expression, or any other characteristic protected by federal, state or local laws. This policy applies to all terms and conditions of employment, including recruiting, hiring, placement, promotion, termination, layoff, recall, transfer, leaves of absence, compensation and training.
